15 **PETITION TO ACCEPT UNINTENTIONALLY DELAYED CLAIM UNDER 35
U.S.C. 120 FOR THE BENEFIT OF A PRIOR-FILED APPLICATION**

to the prior-filed application as required by 35 USC 120 and 37 CFR 1.78(a)(2).
 - Deposit account authorization for the surcharge set forth in 37 CFR 1.17(t). (See

REMARKS

The present application is a U.S. national phase filing of PCT application No. PCT/IL00/00132, filed March 5, 2000, and claims the benefit under 119(e) of US provisional application 60/123,532, filed March 5, 1999.

5 Applicants hereby petition the commissioner to accept an unintentionally delayed claim for continuation-in-part of US Application No. 09/481,253, filed January 11, 2000, now US patent 6,571,127, which is a continuation of PCT/IL97/00243, filed July 16, 1997.

10 An amendment to the specification of the present application, to include a reference to the 09/481,253 application, is being filed concurrently.

Applicants have originally referred to the 09/481,253 application in the background of the invention, as it was not thought that the present application required a claim for the benefit thereof. However, since the Examiner presented a rejection based on the 09/481,253 application, applicants understand that it will be useful to claim the benefit
15 from it in the present application.

Applicants hereby state that the entire delay in submitting the claim was unintentional, as the need to submit the claim only became apparent during an interview conducted between applicants' representative and the Examiner on February 24, 2004.

The claim is being submitted together with a response to the interview and an
20 Office Action dated October 8, 2003.

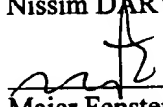

Please see attached transmittal letter for deposit account authorization, for the surcharge set forth in 37 CFR 1.17(t).

Favorable consideration of the petition and issuance of a corrected filing receipt reflecting the complete priority information is respectfully requested.

25

Respectfully submitted,
Nissim DARVISH, et al.
